

ADP DISTRIBUTION BY FACILITY TYPE

The "Average Daily Population" (ADP) of the DOC was 30,097. * ADP is the sum total of the offender population resulting from periodic head-counts divided by the number of observations. There are four basic types of DOC facilities - major institutions, field units, work centers, and community facilities - but there are differences between individual facilities within each type. The offender's security risk (6 security risk levels, Level 1 being the lowest and Level 6 being the highest), health care needs, educational needs, age, area of residence, etc. determine where an offender is to be housed. (NOTE: Only a court of law can decide whether an offender can be placed in a community facility.)

ADP DISTRIBUTION BY FACILITY TYPE - FY 2001

FACILITY TYPE	FY 2001	FY 2000
Major Institutions	25,289	25,145
Field Units	2,758	2,760
Community Corrections Facilities	1,038	919
Work Centers	1,012	1,033
	30,097	29,857

* The above ADP statistics refer to offenders housed in facilities operated by DOC. Excluded from these statistics are 1,571 DOC inmates housed in a privately-operated prison in Lawrenceville.
